

SEMINAR

Drones - Mapping Our World From A New Perspective

Come and learn the latest in unmanned aerial system technology and the use of drones. Find out what drones can do for you and how they can be used on your next project. Topics will include:

- Set up and manage UAS* projects;
- How to use UAS in design and construction;
- How to get one-day topographic surveys;
- Environmental resource assessment using UAS;
- The key constraints on the use of UAS;
- How to set up a UAS program in your organization
- Live UAS Demonstration

Event details:

Date: **October 10, 2018**
Cost: **\$150 per person prior to September 30th, \$175 cost at the door, and \$100 for SAGE members**
Address: **Holiday Inn Express, 4360 Town Center Blvd, El Dorado Hills, CA 95762**
Time: **8:00a.m. to 5:00p.m**

**Surveyors
Architects
Geologists
& Engineers**

OF EL DORADO COUNTY

Seminar Topics and Speakers

Introduction:	8:00-8:15
Setting Up and Managing UAS Projects Edward Gruetert, Alta Vista Solutions	8:15-9:45
Break / Znap Fly Vendor Presentation	9:45-10:00
UAS in Design and Construction, Live UAS Demonstration Chris Smith & Kevin Moses, Znap Fly	10:00-12:00
Lunch	12:00- 1:15
Assessment of Environmental Resources through UAS Dave Krolick & Andrew Myers, Ecorp Consulting	1:15-2:30
Break / Vendor 2 Presentation	2:30-2:45
Setting up UAS in Your Organization Daniel Katz, Aerotas	2:45-4:30
General Discussion	4:30-5:00

Participating Vendors

Znap Fly
Vendor 2 To Be Determined
